

# International Journal of Structural and Civil Engineering Research

## CONTENTS

---

---

### Volume 6, Number 1, February 2017

#### Civil Engineering

- On the Durability of Recycled Aggregates Concrete ..... 1  
*Moetaz M. El-Hawary and Saud F. Al-Otaibib*
- Analytical Study for the Archeological and Historic Buildings and Facilities Restoration Projects ..... 5  
*Matreen M. Mustafa*
- Effects of Shear Box Size on Shear Strength between Modified Sand-Column (PFA-Sand Mixture) and Soft Soil ... 13  
*Shakri M. S., Md. Noor M. J., Nazaruiddin A. T., and Hafez M. A.*
- Study of Ramie Fiber (*Boehmeria nivea L.*) into Electric Double Layer Capacitor Material by Using Ammonia (NH<sub>3</sub>) Gas in Pyrolysis Process ..... 19  
*Regia Puspitasari, Audie Rahmani Awali, and Nanik Indayaningsih*
- An Overview of the Modelling of Infill Walls in Framed Structures ..... 24  
*Uğur Albayrak, Eşref Ünlüoğlu, and Mizam Doğan*

#### Engineering Management

- A State of Art Review on Metaheuristic Methods in Time-Cost Trade-off Problems ..... 30  
*Gülçağ Albayrak and İlker Özdemir*

#### Municipal and Urban Engineering

- Sustainable Framework for Upgrading Residential Buildings in United Arab Emirates ..... 35  
*Mohamed Elkaftangui and Sadika Shakour*
- Masdar City: As an Example of Sustainable Facades and Building Skins ..... 40  
*Mohamed El Amrousi*
- Ecological Adaptability of Chinese Traditional Consanguine Settlements: The Study of Daiwei Village ..... 45  
*Nan Chen*

#### Architectural Technology and Construction Management

- Deflection of Non-Uniform Beams Resting on a Non-Linear Elastic Foundation Using (GDQM) ..... 52  
*Ramzy M. Abumandour, Islam M. Eldesoky, Mohamed A. Safan, R. M. Rizk-Allah, and Fathi A. Abdelmgeed*
- Sensitivity of Compressive Strength of Self-Compacting Concrete to Mixture Proportions and Slump Flow in ANFIS Models ..... 57  
*Behnam Vakhshouri and Shami Nejadi*

Quality Manual Based on ISO 9001 for Building Maintenance .....	65
<i>Ayman Alshehri, Ibrahim Motawa, and Stephen Ogunlana</i>	
Nonlinear FE Modeling of Reinforced Concrete .....	71
<i>Yunus Dere and Mehmet Alpaslan Koroglu</i>
