

# International Journal of Structural and Civil Engineering Research

## CONTENTS

---

### Volume 8, Number 1, February 2019

#### Building Materials Design and Development

- Alkali-activated Fly Ash-based Mortars for Green Applications in Architecture and Civil Engineering .....1  
*Manfredi Saeli, Luciano Senff, Maria Paula Seabra, and Jo ão A. Labrincha*
- Pore Structure and Thermal Conductivity of Cryogenic Concrete .....10  
*Reginald B. Kogbara, Srinath R. Iyengar, Eyad A. Masad, Syeda Rahman, Zachary C. Grasley, and Dan G. Zollinger*
- General and Special Materials Selection Criteria for Interior Design Projects.....16  
*Donia M Bettaieb, Raif B Malek, and Abeer A Alawad*
- The Modern Approach for Materials Construction Design.....21  
*Elhadj Benachour, Belkacem Draoui, Bachir. Imine, and Khadidja Asnoune*

#### Civil and Architectural Engineering

- Numerical Evaluation of Long Pile's Compression Capacity.....26  
*Mohamed Nabil Omar and Abid Abu Tair*
- Nonlinear Seismic Response Evaluation of Gradually Damaged Steel Shear Frames .....34  
*Mohammad S. Miah, Md J. Miah, Md. M. Hossain, and Md. F. A. Faisal*
- Overtopping for Rubble Mound Breakwater Armoured with the New Block-Rakuna-IV .....40  
*Huong Giang. Le Thi*

#### Urban Construction and Green Building

- A Comparative Study of Chinese and American Rural Design Guidelines .....46  
*Dongzhu Chu and Rouhan Li*
- Development of Betawi Architecture for Green and Low-Energy Building of Tropical Sub-urban Business Centre in Greater Jakarta .....54  
*Pita Asih Bekti Cahyanti, Adi Utomo Hatmoko, Ali Rizak, Ali Rizak, and Kemas Ridwan Kurniawan*
- Tenants' Motivations to Lease Green Office Buildings: an Exploratory Study of Sydney Central Business District..59  
*Sumin Kim, Benson T. H. Lim, and Jinu Kim*

#### Environmental Monitoring and Project Management

- Design Method of Rough Terrain Detection and Avoidance in Unknown Environment for Space Rover .....63  
*Sosuke Chiba, Kenji Uchiyama, and Kai Masuda*

Value Stream Mapping as a Lean Tool for Construction Projects .....	69
<i>Murat Gunduz and Ayman Naser</i>	
Comparisons of Three Different Sensors in Different Ambient Vibration Measurements .....	75
<i>Onur Kaplan and Yucel Guney</i>	
Application of System Engineering in APM Project .....	79
<i>Jiixin Wang, Jiixin Wang, Zhao Xiaowen, and Wang Jun</i>
